Report on Industrial Visit to Silvassa

On 11th -12th march 2023, a group of 34 students from Science Department from JVM's Degree College visited Silvassa for an industrial visit. The aim of the visit was to give the students a practical understanding of the industrial processes and to expose them to the natural beauty of Silvassa.

The itinerary for the two day included visits to the Linen Industry, Butterfly Garden, and Deer Park.

Linen Industry: The group first visited the Linen Industry, which is one of the major industries in Silvassa. The students were given a brief presentation about the history of the industry, its production process, and the different types of linen fabrics. They were also shown the various machines used in the production process and the quality control measures in place. The students were impressed by the scale of the operation and the attention to detail that goes into producing high-quality linen products.

Deer Park: The next stop was the Deer Park, which is a wildlife sanctuary in Silvassa. The students were taken on a guided tour of the park and were able to see various species of deer in their natural habitat. The students were also educated on the conservation efforts in place to protect these animals and their habitats. The students appreciated the opportunity to witness wildlife up close and were able to gain a greater appreciation for the natural world.

Butterfly Garden: The final stop was the Butterfly Garden, which is a unique attraction in Silvassa. The students were amazed to see the vibrant and colorful butterflies and were given a guided tour of the garden. The students enjoyed interacting with the butterflies and taking pictures.

Overall, the industrial visit to Silvassa was a great success. The students were able to gain practical knowledge of the industrial processes and see the natural beauty of Silvassa. The faculties accompanying the students also appreciated the educational experience and commended the organizers for the well-planned itinerary.
