#### Mentor Report- Academic Year 2022-23.

Mentor- Mrs. Savitri Dholey

The academic year 2022-23 commenced on 13<sup>th</sup> June 2022. The faculty conducted a meeting of all the mentees of SY and TYBMM every fourth Saturday of the month. FYBAMMC's first mentee meet was conducted on the fourth Saturday of September month. Mentees, especially first-year students have explained the importance of mentorship and encouraged them to discuss their problems individually. After analyzing the problems faced by each student the following steps were taken for the term-

- After one common meeting with all students, mentor names were given to the students for their reference. FY mentees were told the importance of Mentor- mentee meetings and groups. Also explained to them to be connected with a mentor teacher, and they were made comfortable sharing their personal/family issues with a mentor teacher. The mentor teacher also told them that whatever problem they will share with their mentee, will not be disclosed to any other person, and the mentor teacher will help/counsel them, and the mentor will help them for their academic growth.
- As decided in the mentor meeting of the faculties of BAMMC, students were told to watch and listen to news regularly and encouraged reading of English dailies as well as storybooks to strengthen their language.
- Parents were also informed about the system.
- Remedial lectures and individual guidance were given to address the variety of problems faced by the mentees.
- Some students wanted to join jobs to support their families, such students were permitted the same, and remedies were taken for them.
- After conducting a meeting with mentees, faculty interacted with students individually and tried to find out his/ her problem of poor performance in-class tests and their attendance.
- Parents were informed from time to time about their ward's performances during the PTA meetings every Saturday.
- Remedial lectures were conducted for the failed mentees of all the semesters and almost all mentee students cleared their backlog.
- Mentees were encouraged to attend lectures regularly.

- Remedial lectures were conducted for the failed mentees of all the semesters and almost all mentee students cleared their backlog.
- Mentees were encouraged to attend lectures regularly.

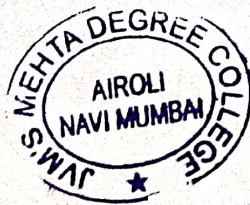

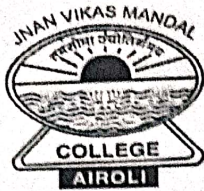

- Mentees were advised to practice yoga and meditation which will help them to concentrate more on studies.
- The common meet was organized for freshers with senior students where all three classes of students interacted and got along with each other.
- First-year students were encouraged to participate actively along with second-year and third-year students in the BMM Media Fest- Aarsh and other activities of the Departments.
- TYBAMMC student- Ms. Shruti Babinwal was very shy, after counseling her she started interacting with her classmates frankly. Mamta Surve improved in the studies after counseling. SYBAMMC student- Shreyanka Shetty was very much introverted and was not having the confidence for talking with her classmates, after counseling she started to interact with her classmates confidently.
- Due to poor financial problems, SYBAMMC student -Vinay Manda was leaving their studies but helping/counseling him personally has encouraged him, and he also continued for studies.
- Sanket Sanadi cleared the ATKTs and took admitted to TYBAMMC, started taking an interest in studies. Heman Gaurav from TYBAMMC was about to leave his studies due to exam pressure but after counseling he filled up the TYBAMMC Sem-VI university examination form.
- Ms. Anjali Gupta from FYBAMMC class was about to leave her studies because of job pressure, but after counseling, she continued her studies and cleared all subjects of FYBAMMC- Sem-I.
- The mentor encouraged the students to enroll in different certificate courses too.

### Mentor Mentee Report (2022-23)

Name of the Mentor – Asst. Prof. Sagar Karkhanis

The following initiatives were taken for the students :

Encouraged reading of English as well as one vernacular newspaper, and story books to strengthen their language.

Individual guidance was given to address the variety of problems faced by the mentees.

- A lot of students were under stress because of the Covid lockdown has brought up new financial challenges as many of the parents and working students lost their jobs. Some students wanted to join jobs to support their families, and such students were permitted the same, and notes, ppts, and YouTube links were given to them.
- After conducting a meeting with mentees, the mentor interacted with students individually and tried to find out his/ her problem of poor performance in the class test and attendance.
- Parents were informed from time to time about their ward's performances during the PTA meetings every fourth Saturday.
- The mentor encouraged the students to participate in different college, and departmental activities.

## Mentor Report

**Name of Mentor: Shubhangi M. Deotale**

**Department: Commerce**

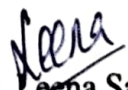

**Number of Mentee: 135**

**Class: F. Y.B.Com**

- Mentor was introduced to newly admitted students of academic year 2022-23 with introduction and explaining importance of mentoring system to students.
- Data of class students was collected through Google form which includes their previous academic performance, areas of interest, Parents' educational qualification and occupation.
- Academic record of mentee was maintained. They were encouraged to perform better in the upcoming examination.
- This system promises to provide a better understanding of individual students and bring out their highest potential.
- It also appears to be the most effective method for mitigating cases of drop-out students.
- This system promises to provide a better understanding of individual student's economic background and support them with special attention towards them by providing books from the book bank scheme.
- Mentees were also encouraged to participate in the co-curricular and extra-curricular activities.

### MENTOR-MENTEE REPORT (2022-23)

**Name of Mentor: Dr. Kanika Pahwa**  
**No. of mentees: 125**

The concept of mentor-mentee system was introduced to the students. The mentees were explained that he can approach his / her mentor for both educational and personal guidance. The goal of the mentorship program i.e. to accelerate the personal and professional development of mentees was made clear to them. They were provided with guidance, advice and feedback time to time. Mentees were made comfortable to discuss any problem related to academics or at personal front. They were helped to face various issues such as low confidence, anxiety, peer pressure and language problem.

For academic development of the mentees, bridge course and Certificate Course were conducted. Mentees were also encouraged to participate in the extra-curricular activities conducted within the college and in other colleges as well.

## **JNAN VIKAS MANDAL'S DEGREE COLLEGE**

**NAAC RE-ACCREDITED 'A' GRADE (CGPA 3.33)**

**Plot No. 9, Sector-19, Arioli Navi Mumbai.**

### **Mentor Report**

**Name of Mentor : N K Patil**

**Department: Commerce**

**Number of Mentee: 135**

**Class: F. Y.B.Com**

A wide variation in the student population with regard to educational and economic background, the system promises to provide a better understanding of individual students and bring out their highest potential. It also appears to be the most effective method/weapon for mitigating cases of drop-out students. Mentor was introduced to newly admitted students of academic year 2022-23 with introduction and explaining importance of mentoring system to students.

Data of class students was collected through Google form which include their previous academic performance, areas of interest, hobbies. I put my best effort to guide students in best possible way to perform better in academics and other activities.

As a mentor talk to them frequently in lectures as well as informally and make them comfortable. Keep in touch about their mental well-being also by assuring them of all kinds of support whenever needed.

**2022-23**

**Mentorship** I have been assigned the mentorship of FYBCom B .

As far as academics goes, I take Business Communication for them.

Mentorship entails personal look out and caring for our wards apart from academics. To ensure overall development of students we have recorded the different areas of talents with which a lot of students are blessed. They are in turn motivated to participate and bring laurels for the department. Participation is necessary more than winning for an overall growth, personality development and building of confidence.

A general PTM is undertaken approximately every fourth Saturday of the month. The agenda happens to be to intimate the parents or guardians about the future of their wards. One of them happens to be specially significant for the declaration of results. There was one specially held to summon the parents of attendance defaulters. Students who have presented either a medical certificate in case of health issue or a letter by their employer or a salary slip regarding the same have been exempted .

Apart from the above, a few doses of inspiration is always imparted by way of regular teaching whenever and wherever required.

### MENTOR REPORT

2022-2023

Mentorship meetings are the cornerstone of a mentor/mentee relationship. It's a time to meet one-on-one and get to know one another, discuss problems and exchange thoughts. For the development of students, it's important to be prepared for what you want to discuss. Think about the questions in advance so you can make sure you maximize the benefits of your meeting. I tried to make sense of everything by getting to know my students. so that I, as a mentor, can support them in participating in a range of campus events, motivate them to prioritise their studies and counsel them to cope up with their problems.

There were 115 students present. I had one-to-one interaction with the students to support them systematically in their academic as well as personal growth. This was the first meeting for the academic year so students were informed about the various committees which help them to grow and explore. Students were also encouraged to join in Google Classroom for Reference material and notes. After discussing with the students, it was concluded that many students were interested in sports and extracurricular activities.

Some students who excel academically have little interest in extracurricular activities. Students were also informed about attendance. Some students are enrolled in CA, CS, ICWA, fashion design, and sports-related programmes, while others have post-graduate degrees as a goal. Some students are compelled to continue their studies despite not wanting to by their parents. Such students were encouraged to pursue their education further and informed as to why completing their diploma is required of them.

The main objective of the meeting conducted on 23<sup>rd</sup> July 2022 and 27<sup>th</sup> August 2022 was to

- i. To provide more contact hours between me and students to resolve their issues if any during meetings
- ii. Encouraged them to maintain proper academic and attendance records.
- iii. Guided them to improve their performance to minimize drop-out rates
- iv. Identified the slow learners and advanced learner and motivated them
- v. Collected Data of students of T.Y.B com B & D .
- vi. Students were also informed to approach as and when they need any support or guide.
- vii. Students WhatsApp group was also created for students to connect.

On 16<sup>th</sup> October 2022 Mentor meeting was conducted before their final exam to know how much studies they completed and if they required revision for any subject. As per the discussion concerned teachers were informed to solve the doubts. Many students are stressed due to postponement of exam. But they were counselled that they will get more time to do revision if they had prepared and the students who had not done anything are informed to take advantage of the opportunity they got and get good marks.

Later the meeting was concluded and students were assured that all are invited with their suggestions for bringing improvement in the quality of the Institute.

As a mentor I advised them to upkeep their health and spirit and keep in close contact with me or head of the department in case of any difficulty or requirement. Their queries regarding various processes or procedures regarding their studies or any other matter were addressed to as far as possible.

For First half also mentoring process was continued with students and tried to provide them confidence and motivated them to improve their performance.

**MENTOR REPORT**

Name of the faculty: Asst.Prof. Prema bardhan

For the academic year 2022-23 I am having 119 mentees.

First I had formed a common whatsapp group where students can easily pass their messages and easily communicate. In this group all notice and other messages were forwarded to assure that no one should not miss any information. Initially I had collected their personal details, and conducted online meeting to discuss about various things.

Every month fourth Saturday mentors meeting conducted. In the meeting students are shared with all basic information. They are encouraged to participate in all extension unit especially in DLLE. Students are also made aware of all activities which are going to conduct by commerce department and other department. They are also encouraged to participate in all activities. Mentees are encouraged to register for certificate courses also. In the meeting we discussed about their career options, competitive exams. Every month Defaulters list prepared and shared with students. Meeting conducted on 23<sup>rd</sup> July, 27<sup>th</sup> August and 24<sup>th</sup> September, 25<sup>th</sup> February.

on 23<sup>rd</sup> July,2022 – since it was first meeting, it was introduction meeting, students were asked about the difficulties they are facing in understanding the subjects, whether the students have joined google classroom of each subject confirmed with them. Students were encouraged to join DLLE, even they were encouraged to participate in all activities conducted in the college.

Interacted with the defaulter students asked them to improve their attendance performance, some had told because of the job they are not attending the class, asked them to switch their shifts.

From the student's information Collected about their previous academic performance and encouraged and motivated to improve their academic performance.

27<sup>th</sup> August,2022 – In the meeting first addressed attendance defaulter students, they were asked to improve their attendance and specially asked them whether they have appeared online test or not which are shared by the teachers.

All students were asked about the class test performance, all were encouraged to excel their performance. Through regular interaction, find out their interest area and encouraged them to participate according to their interest. Whenever they needed guidance and support there I had counselled them. All students were asked to be active in google class room, where all teachers are sharing study material.

In the regular classes on regular bases interacted with the slow learners, in regular class they were encouraged to improv their active participation in the class, informed them about how

they have to adjust their schedule for their studies and proper timetable for regular study. Students were always motivated to improve their overall performance by explaining them about market competition, practical challenges, new skill enhanced courses etc.

To improve their academic performance students were encouraged to attempt all class test shared by teachers in the google class room and to attend remedial/revision lecture

All students were encouraged to write prelim exam. So it will help them for the self-evaluation so it will help them to improve their performance

24<sup>th</sup> September,2022 – On 24<sup>th</sup> September in the meeting we discussed about revision lecture. Students are asked to be regular in the class, since all teachers have started revision lecture, and for practice test series.

All students are encouraged to solve the entire test shared in the google classroom.

25<sup>th</sup> February,2023: on 25<sup>th</sup> february 2023 mentee-mentor meeting held. The main objective of the meeting is encouraging students to study hard and getting prepare for regular and ATKIT exam.

Apart from the meeting regularly in the whatsapp group all type of information shared for the benefit of the students. And mentees are informed that they need extra guidance or counselling or anything they want to share with me they can directly approach me or through telephonic any time.

### REPORT OF MENTORING

“Mentoring Concept” means the overall holistic assessment of the learners’ performance and providing academic growth and development. Mentors apply their guidance, experience and expertise in promoting their mentees professionally and personally, through interpersonal engagement. Mentees observation in terms of regular attendance, increased participation in co-curricular activities, better discipline on campus and respectful relationship between teachers and students.

Each teacher is assigned some students. Under my mentorship

Following is the count of students: M.Sc.IT Part-1 06

M.Sc.IT Part-II 06

T.Y.B.Sc.IT 08

S.Y.B.Sc.IT 10

F.Y.B.Sc.IT 07

Based on the data collected, a meeting was scheduled as per the convenience of the mentor to talk about his/her difficulty areas and accordingly suggestions were given to him/her.

- 1) The outcome of many students was noted that there was improvement in grades and also concentration towards the study was enhanced than earlier.
- 2) Some have adapted to collect the student data via Google forms as few students were not interested to share their views directly.
- 3) A common problem of most of the students is lack of remembrance in examination, unable to recapitulate and blank out in exams.
  - Remedy suggested: First is to understand the concept, and write in points in brief somewhere or can make acronyms wherever necessary to remember in sequence and to chant those acronyms while sitting anytime idle and self-check whether they are able to remember or not.
  - Another remedy was to associate the things they know already with the unknown thing, so that link building will become strong and can better remember the things.
- 4) Above approach was applied and few students really learnt and showed improvement in exams.
- 5) Few students having difficulty in programming subjects were directed to learn one language perfectly so that others can be understood easily. Also told to approach the teacher for the same or if it was possible on our end, I have helped them to overcome the difficulty.

84

- 6) Mentoring helped KT students during the last minute preparation to brush up and clear the concepts.
- 7) Mentor also motivated many students beyond the walls by guiding them on how to write research papers. And many students have taken initiative and submitted the paper too. This shows the efforts of mentors in the overall development of students.
- 8) Mentor not only helped in solving doubts, they have tried to reach out to their personal problems (if any).
- 9) Mentor have guided students with different skill sets on how to set goals and achieve them by organizing workshops and certificate courses.
- 10) Mentor helped students to participate in various events outside the curriculum.

Following Measures were taken:

- Collected data of mentees through Meetings every 4<sup>th</sup> Saturday of the month.
- Motivate them to take part in activities that can accrue more credits
- Ensured the healthy and holistic development of Mentee
- Tracked the attendance and motivated them to attend regularly.
- Given Intensive training though doubt solving Sessions after College Hours for ATKT Students in my subject to clear.

Mentor -Mentee System is the best practice which the college has implemented. For the holistic and overall development of the students, to create a good rapport between Students and teachers' mentor-Mentee system is implemented.

Total 40 students from FYBSc CS, SYBSc.CS and TYBSc.CS class are been mentored by me. Throughout the year I have been communicating with them in a month.

A formal meeting was conducted with all the mentees fourth Saturday of the month. In the meeting, one by one all students were addressed personally. Students who had not attended the meeting were separately called.

In the meeting, mentees discussed the problems they are facing, both personal and academic. The solution for the same was discussed in the meeting. Some mentees are working, hence they are not able to attend all lectures daily. So suggested them to attend remedial lectures.

Even from the allotted students, slow learners and Advanced learners were identified and were also treated separately. Class Tests results, other tests results were discussed.

Mentees-Adv. Learners were guided for preparing for their career. As per the skill and the subject knowledge of the individual mentee were advised the best track for them to study or to choose the career. Also suggested them to practice online general aptitude test for placements and other entrance examinations. Mentees are advised to improve their verbal and written communication skills by reading technical articles and NEWS feeds, and by listening different online communication skill enhancement videos.

Mentees were also suggested to register for different online computer skill enhancement courses as well as some other skill enhancement courses conducted by the college. The importance and benefits of these courses was explained to them.

Some mentees were shying away from discussing problems in the forum were contacted personally and their issues are noted.

The college has implemented Mentor -Mentee System which is the best practice. For the holistic and overall development of the students, to create a good rapport between Students and teachers' mentor-Mentee system is implemented.

This practice is conducted to extend support and guidance to the students for the betterment of their academic and professional career and thereby contribute towards nation building. It is very effective system that is aimed to narrow down the gap between the mentee and the mentor. The students may come across difficulties during the degree programmes and have to face academic and adjustment challenges. To cope up with such problems and to enable them to excel in academics and profession as per their potential, a Mentor- Mentee programme for the students of the institution has been developed.

Total 38 students from FYBSc CS, SYBSc.CS and TYBSc.CS class are been mentored by me. A formal meeting was conducted with all the mentees fourth Saturday of the month.
