Report on Collage Making Competition

Human-wildlife conflict is when encounters between humans and wildlife lead to negative results, such as loss of property, livelihoods, and even life. The scope of the issue is significant and truly global, but we are nowhere near being able to address it at the scale needed. With an objective to spread awareness on protecting and preserving country's fauna, J.V.M.'s Eco Club organized Collage Making Competition on the theme Human-Wildlife Conflict.

The students were briefed about the significance of Collage, which is a technique of an art production, primarily used in the visual arts, where the artwork is made from an assemblage of different forms, thus creating a new whole. In total 40 students of various streams of the college participated in the competition. It was a team event. All the students participated enthusiastically along with competitive spirit. The criteria of judgment were Creativity, Theme and Presentation. First position was jointly bagged by Samiksha Verma & Sonali Vishwakarma; second position was bagged by Gautami Patil & Shruti Patil and Anshu S. Harijan secured third position. E- certificates were given to winners and all participants.
