**REPORT OF THE WEBINAR**

**Date: 07<sup>th</sup> January, 2023**

Career guidance plays a very important role in the lives of all individuals, as it helps in setting future goals and chooses careers.

Career guidance is much needed service to those who did not plan for their future at an early stage; more should be done to assist the younger generations in personal career development. When students have a clear understanding of the best career choices for them, end result is better planning, more college enrolments, and a more productive society for the future.

In this seminar we have planned to make students understand different career opportunities, procedure to appear those careers, different competitive exams and also planned to make them to understand the importance of having goal and passion and hard work to achieve the desired goal. For that we have involved some social games and shown motivational video clips to the students who all were participated in the seminar.

A career Guidance program was held on 20<sup>th</sup> January for all the students of Science Stream to understand various fields. The program was basically for the students of TY and SY Students which are in their career deciding years. The Speaker of the programme was Cap R.S Tope Sir and Asst. Prof. Nishant Bist.

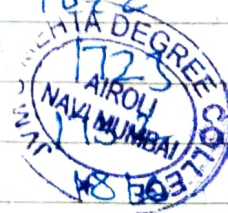

Firstly our counsellor introduced to various courses of Defence Forces as the basics and then he explained the sea of opportunities in the outer world. He also encouraged students on choosing the field they are interested in rather than allowing somebody else to govern it.

In the program students also learnt about various defence forces such as NDA, Military, Navy, Army, Air Forces and many more which are generally not told to the students.

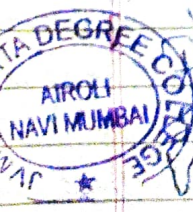

We received 179 responses for the seminar. The feedback was also collected from the participants for the seminar and it was found that the participants really loved the session and they found very interesting to attend these.
