Year 2022-2023

Agency: TISS (Tata Institute of Social Sciences)

Program Name 1: Diploma in Banking and Financial Services

Program Name 2: Digital Marketing

Main phases of NUSSD project:

- **Initiation**

This is undertaken in the beginning of the program. It is the process of understanding the region and the colleges.

It involves the following steps:

- Identifying Regions and Skill Development Need
- Identifying Colleges that suit the NUSSD purpose and ethos
- Orientation for Principals, Faculty, Heads of Department
- Signing MoU and On-boarding colleges
- Appointment of College Convener

This step while it may be more of an Orientation, it sets the tone for the entire Program. If done right, it can help give a big boost to the program.

- **Planning:**

After colleges are on-boarded, prior to implementing the Program in the colleges, there is a lot of planning to be done to ensure that all systems and processes are in place for smooth execution of the Program. The activities undertaken during planning are:

- Estimation of Student Availability and Resource Requirements
- Infrastructure Planning
- Organizing Course resources
- Training Strategy
- Placement Strategy
- **Execution:**

Based on our well-laid plans, we enter the Execution phase. The activities undertaken during this phase are:

- Orientation and enrolment of students (A registration fee of Rs.250/- will be charged from each student who are interested in the course)
- Counselling
- Batch formation

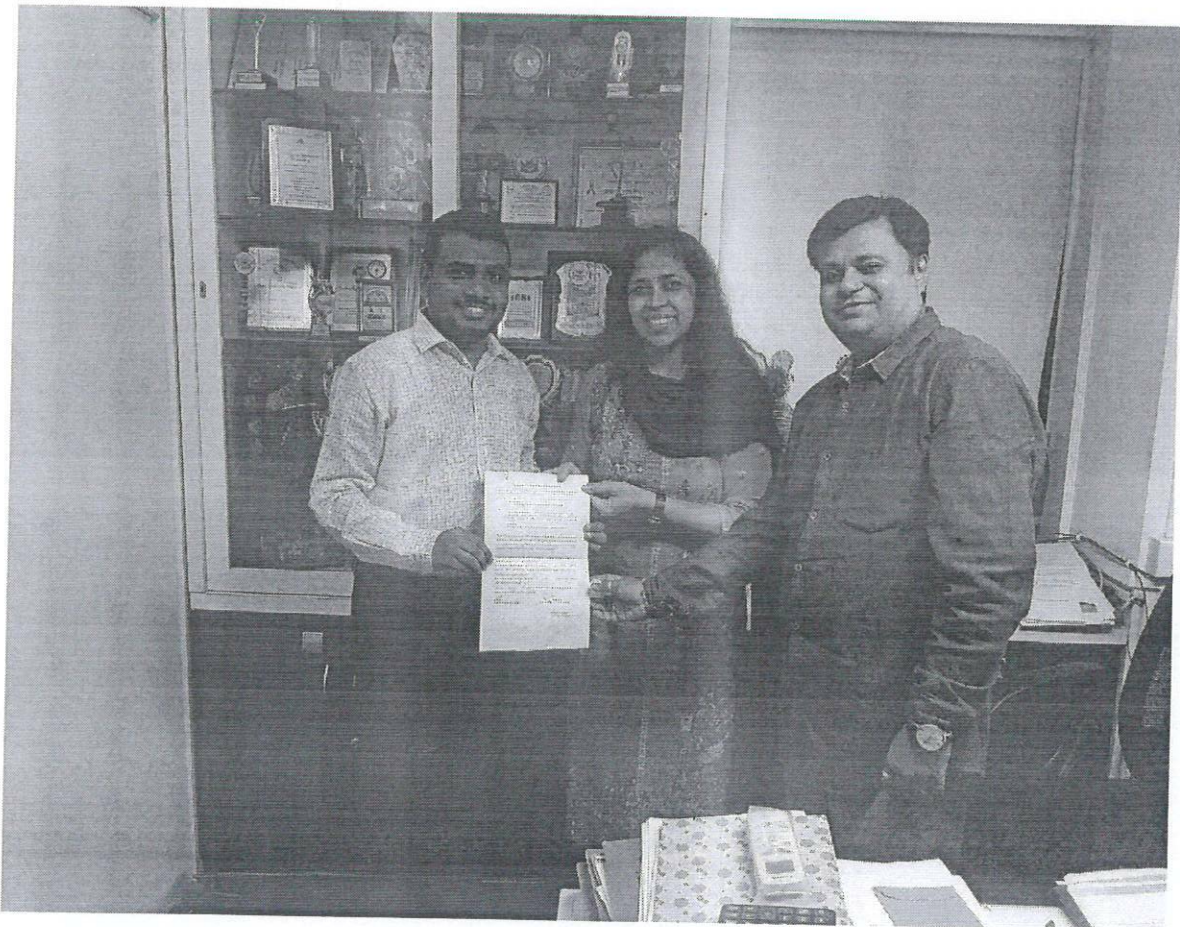

- Trainer-batch mapping
- Scheduling and conducting classes
- Field work / Internship
- Assessment and Certification
- Placement

Review and Close out Finally, we review our work, measure the impact, assess feedbacks and close out the project. Tasks undertaken at this stage are:

- Analysing Feedbacks for preparing strategies
- Analysing student data
- Post-placement tracking
- Impact assessment
- Reporting

In addition to the above courses, Skill plus (+) is implemented in all the colleges where the plus element is the voluntary contribution by the members from industry, community, Government, NGOs to improve the learning experience of students. Many other initiatives such as Mentorship, community outreach, developing capacity of college faculty and so on are undertaken to build a sustainable skilling ecosystem.

MoU Sign: 2022-2023

TISS- 2022-2023

Report

Objective:

The objective of the course was to provide free training and knowledge on banking, finance & insurance and digital marketing to interested individuals. The course aimed to equip the students with essential skills and knowledge required to excel in the fields of banking, finance & insurance and digital marketing.

Need:

The course was designed to address the increasing demand for skilled professionals in the fields of banking, finance & insurance and digital marketing. These sectors have been rapidly growing, and there is a need for qualified professionals who can efficiently manage the operations and create a positive impact on the business.

Outcome:

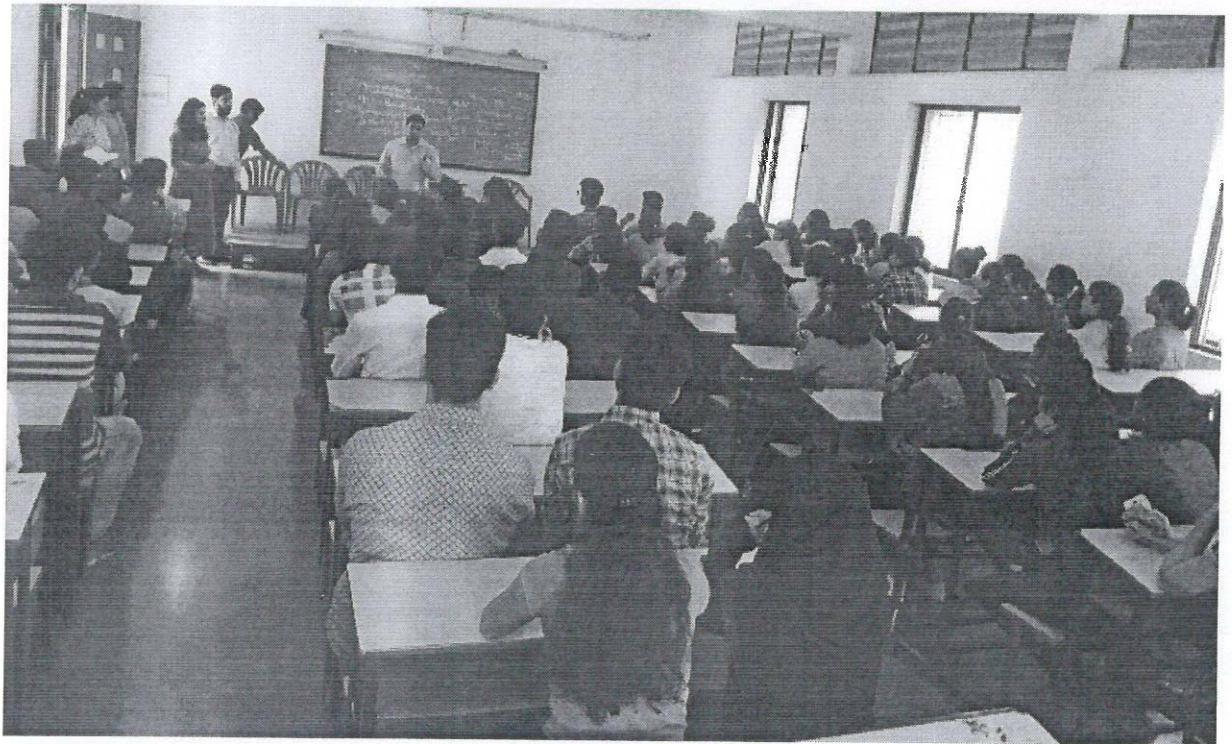

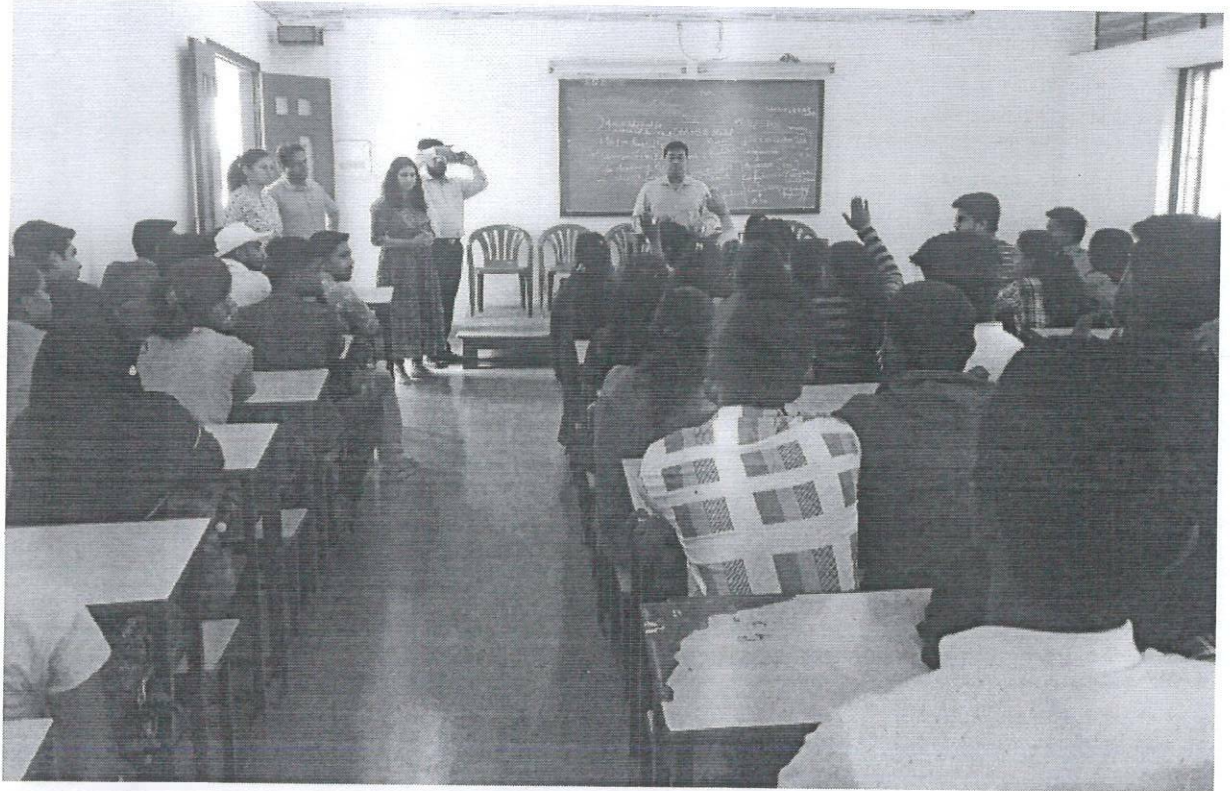

The course had started successfully, and a total of 23 students enrolled in it. However, all the students have discontinued the course due to exams and personal reasons. The students who attended the course for some days gained knowledge about the basics of banking, finance & insurance and digital marketing. They learned about various concepts such as financial analysis, insurance management, digital advertising, search engine optimization, and social media marketing.

Summary:

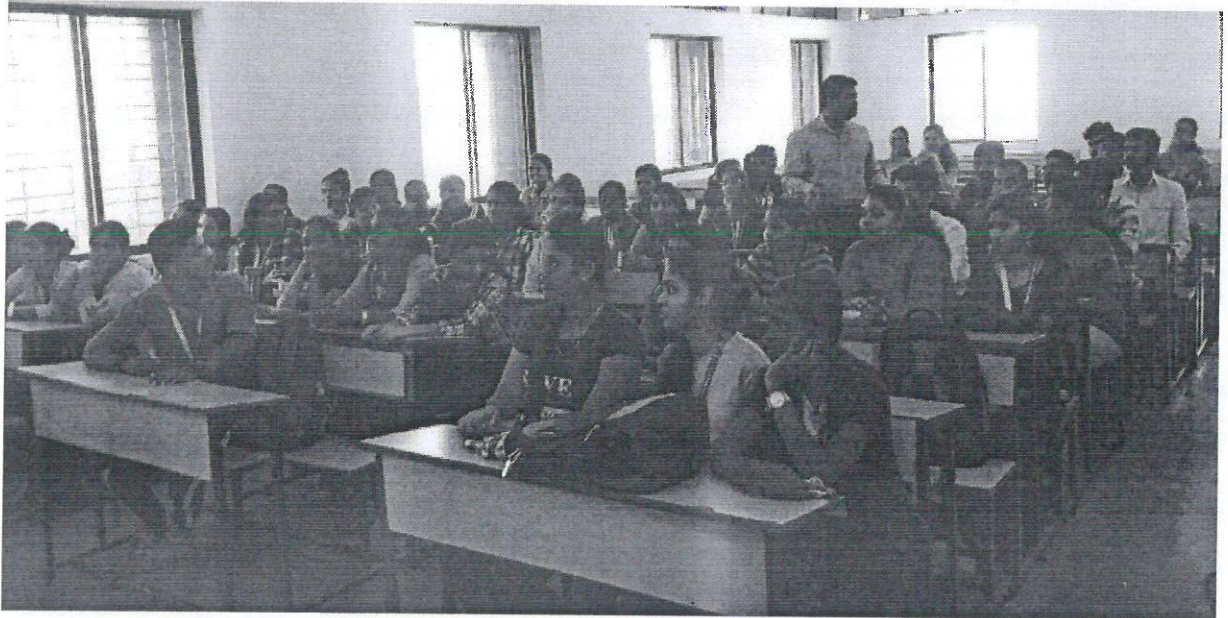

In conclusion, the free course on Banking, Finance & Insurance and Digital Marketing conducted by TISS was aimed at providing knowledge and training to interested individuals. Although all the students have discontinued the course due to exams and personal reasons, they gained valuable insights and knowledge about the basics of banking, finance & insurance and digital marketing. The course helped the students to understand the essential concepts required to excel in these fields.
