FYBAF - Report of Bridge Course

Objective: The primary objective of the Bridge Course for First Year Bachelor of Accounting and Finance (FYBAF) at JVM's Degree College, conducted by the Accounting and Finance Department, was to provide incoming students with a comprehensive understanding of key subjects. The course aimed to bridge the gap between their previous academic background and the requirements of the FYBAF curriculum. Specifically, the focus was on enhancing foundational knowledge in Financial Accounting, Innovative Financial Services, Business Communication, Auditing, and Economics.

Importance: The Bridge Course held significant importance as it laid the groundwork for a successful academic journey for the FYBAF students. Recognizing the diverse academic backgrounds of the participants, the course aimed to standardize the baseline knowledge required for the core subjects in the FYBAF program. By covering essential topics such as Financial Accounting, Innovative Financial Services, Business Communication, Auditing, and Economics, the course aimed to ensure that all students entered the FYBAF program with a solid understanding of the fundamental concepts. This initiative was crucial for fostering a supportive learning environment and reducing the likelihood of students facing challenges in keeping up with the regular coursework. The Bridge Course provided a valuable opportunity for students to familiarize themselves with the key subjects, creating a strong foundation for the in-depth studies they would undertake throughout the academic year.

Outcome: The Bridge Course, with a duration of 30 hours starting from November 28, 2023, to December 6, 2023, at Room no- S -7, 82 students actively participated. The engagement was not only in theoretical sessions but also included practical components, ensuring a holistic understanding of the subjects. The participants were assessed through a Bridge Course test, evaluating their comprehension of the covered topics. The outcomes of the test will be used to tailor ongoing academic support for individual students who may require additional assistance in specific areas.

Overall, the Bridge Course for FYBAF at JVM's Degree College successfully met its objectives by:

- **Providing a Solid Foundation:** The course equipped students with a strong foundation in Financial Accounting, Innovative Financial Services, Business Communication, Auditing, and Economics.
- **Facilitating Interaction:** The interactive nature of the course encouraged students to engage with the subjects actively, fostering a positive learning atmosphere.
- **Identifying Areas for Improvement:** The test conducted at the end of the course helped identify specific areas where students may need additional support, allowing for targeted academic assistance.
