Report on Interview session conducted by Kinglet Communications

Date: 08th August, 2023

BMS department had invited Kinglet Communications to conduct interviews and offer internship opportunities to eligible students from HR & Marketing specialization. This internship opportunity will help the students to get practical knowledge on how people work in the HR and Marketing field and what qualities the students should develop to be fit to work in the industry. Also, the students can relate various topics of different subjects of their curriculum which they theoretically study and learn with their actual work. Students will also learn time management since they have to manage both studies and job responsibilities simultaneously if they opt for an internship. Hence, this internship will mould students in every possible way and prepare them to face the realities of work life.
