Orientation Program on Business Analytics & Data Science

Report:

Date: 31-01-2024

Time: 11:00 AM

Venue: Seminar Hall

The Placement Cell of JVM's Mehta Degree College, Airoli, in association with Pedagogy Training & Consultancy Services, organized an Orientation Program on Business Analytics & Data Science for third-year students of all streams. The program aimed to provide students with insights into the emerging fields of analytics and data science, equipping them with essential knowledge and skills to excel in their future careers.

Need:

In today's digital age, the demand for professionals skilled in business analytics and data science is on the rise across industries. Recognizing this trend, it becomes imperative for educational institutions to bridge the gap between academic learning and industry requirements. The orientation program was designed to fulfill this need by introducing students to the fundamentals of analytics and data science, thereby preparing them for the competitive job market.

Objectives:

- To familiarize students with the concepts, tools, and techniques used in business analytics and data science.
- To highlight the significance of analytics in driving data-driven decision-making processes within organizations.
- To showcase career opportunities and growth prospects in the field of business analytics and data science.
- To inspire students to pursue further education or certifications in analytics-related domains.
- To empower students with the knowledge and skills required to embark on successful careers in analytics and data science.

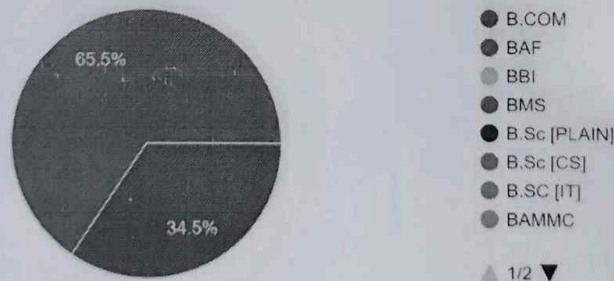

Outcome:

The Orientation Program on Business Analytics & Data Science witnessed active participation from 53 third-year students representing diverse academic backgrounds. Through interactive sessions, presentations, and case studies, students gained valuable insights into the world of analytics and data science. The program succeeded in igniting their interest and curiosity in these fields, as evidenced by the enthusiastic engagement and positive feedback received from participants. Overall, the orientation program proved to be a resounding success in achieving its objectives of introducing students to the fundamentals of business analytics and data science, highlighting career opportunities, and fostering a culture of lifelong learning and professional development among students.
