The session was designed to develop research writing skills that enable students to produce high-quality research papers and project reports.

Session was featured by Prof. Tapas Kumar Das from the Indian Business School (IBS) in Mumbai as the key note speaker with other distinguished guests of ICFAI Business School. The speaker shared his expertise, enriching the session with his deep experience in research and academia.

The session focused on enhancing participants' abilities to produce well-structured and impactful research work, covering key areas such as topic selection, literature review, research methodology, data analysis, and effective presentation of findings. Participants engaged actively, showing a strong interest in improving their research writing skills. Practical activities, such as literature review exercises and data analysis demonstrations, were especially well-received.
