Report on Campus Training and Program of ICICI Bank

Objective:

The objective of the Campus Training and Program of ICICI Bank was to provide an opportunity for fresh graduates to learn and develop their skills in the banking industry. The program aimed to identify and hire talented individuals who could contribute to the growth of the organization.

Need:

The banking industry is a crucial component of the economy and requires a steady influx of skilled professionals. With the growth of technology, the banking industry has also undergone significant changes, requiring professionals who are adaptable and possess modern skills. To meet this need, ICICI Bank designed a campus training program to identify and train young talent for the banking industry.

Outcome:

The Campus Training and Program of ICICI Bank consisted of three rounds, namely the Registration Round, the Orientation and Essay Writing Test, and the Interview Preparation Round. The registration for the essay writing test saw a total of 220 candidates register for the program. The Orientation and Essay Writing Test took place on 1st February 2023. During this round, candidates were introduced to the banking industry, the organization, and its culture. The essay writing test assessed the writing skills of the candidates and their understanding of the industry. Out of the 220 candidates who registered for the essay writing test, only 13 were shortlisted for the Interview Preparation Round that took place on 14th February 2023. The Interview Preparation Round aimed to prepare the shortlisted candidates for the final interview round. The 13 candidates underwent a rigorous training program that included mock interviews

and personality development sessions. Finally, after the completion of the interview preparation round, the 13 shortlisted candidates went through the final interview round. Out of the 13 candidates, all were successful in clearing the interview, and they were offered training and placement opportunities in the organization.

Summary:
